EtaPRO Administrator and/or IT Training  
Advanced EtaPRO APR and VirtualPlant Workshop

## 2 Easy ways to Register

**Phone:** +1.716.799.1050 | Sandy Lee, Course Registrar

**Email:** [energyservicesregistration@gpstrategies.com](mailto:energyservicesregistration@gpstrategies.com)

### Location

Currently, all of our classes are offered via virtual instructor led training (VILT) using Microsoft<sup>®</sup> Teams or Cisco Webex Training Center with Amazon AWS Cloud-based servers, and GPILEARN+<sup>™</sup>. Attendees are assigned their own server (connected via Remote Desktop) which includes all applications required to complete the course. It is strongly recommended to use at least 2 displays/monitors when attending this class and test connectivity to the Amazon AWS computer prior to the training. (NOTE: You may need assistance from your IT department for this testing).

Courses are hosted from Amherst, NY USA, Bogota, Colombia, or Johannesburg, South Africa.

Class size is limited to 10 seats. We may ask you to select a second option if the desired class date is already full.

**Note:** Occasionally, a particular course will not meet the minimum registration requirement. GP Strategies reserves the right to cancel such a session at least 10 working days prior to the scheduled start. Participants will be promptly notified.

Applicants may cancel up to 10 working days before the course for a full refund. Cancellations received later than 10 working days prior to course are subject to a 20% service charge. Those who have not canceled reservations two working days prior to the course and “no shows” are subject to the full course fee. Substitutions may be made at any time.
